**Gov. Foraker's Meeting.**  
A letter was received in the city yesterday from Col. Harry Sherard, of Steubenville, expressing his intention to come here Tuesday night to go over to Bridgeport with the Wheeling delegation and hear Governor Foraker speak. It is thought quite a number of Wheeling people will go over. A desire has been expressed to have the Black Eagle drum corps head the delegation. No doubt when the boys learn of this they will be glad to "open the campaign" in that way.

**Arrested Little Girl.**  
Officer Shorin last evening arrested William Perry, of Martin's Ferry, on an order of arrest brought by Squire Phillips in a damage suit brought by Alex. Linn, alias of Martin's Ferry. Some time ago Linn had his horse and buggy standing in front of Martin's saloon on Main street when Prince drove off with it. Near St. Lawrence he ran into a wagon and damaged the buggy and injured the horse. Linn sued for \$100 damages, but the court could not get service on Prince last yesterday. Hence the arrest.

**A Quiet Wedding.**  
Mr. Harry Young and Miss Anna Goodwin, both of this city, were married Thursday evening at St. Luke's P. R. Church, Island, by the pastor, Rev. J. Gibson Gantt. It was one of the most quiet affairs of the kind ever celebrated in the city, being witnessed only by five or six intimate friends. After the services Mr. and Mrs. Young returned to the residence of the bride's father, Captain Ben Goodwin, a well known steamboat captain. The news of the marriage was put in circulation yesterday and caused general surprise. The surprise was followed by a rush of congratulations.

**A Lively Chase.**  
Last night Billy Kenney, who broke out of the city workhouse some time ago, was seen on the street by Officer Trusheel, who arrested him. At the corner of Sixteenth and Chapline streets he broke away and dashed up Chapline and down Fourteenth street, Officer Trusheel pursuing and looking in vain. Near Market street Officer Shorin intercepted him, but Kenney's momentum made him hard to hold, and he spun around out of the officer's hands and went on. Squire George Acker caught him, with the same result. Then Shorin made a second attempt, with better effect, and Kenney was lodged behind the bars.

**TWO MEN SENTENCED**  
TO THE STATE PENITENTIARY  
By Judge Jacob Yesterday—Bill Hill, the Colored Assailant of Little Annie Roth, gets Five Years and "Poodle" Price Three—Vanclieve gets a New Trial.

Yesterday afternoon N. H. Vanclieve, William Hill, colored, and Harry, alias "Poodle," Price, were brought into the Circuit Court and arraigned before Judge Jacob.

Old man Vanclieve, it will be remembered, was convicted of grand larceny, for his transaction with J. C. Lord, which resulted in obtaining two gold watches from John A. Lash, the jeweler. A motion was made for a new trial. Yesterday Judge Jacob reviewed the circumstances. Two watches were obtained, one on Thursday preceding the fourth of July and the other the next Monday.

During the trial, Prosecuting Attorney Roth, was asked by the defense to elect for which transaction he would try Vanclieve, and he chose the watch of Thursday. At that time the only pretense made was that the gold watch of Saturday Lord was to be recovered at a price of \$100, which would be paid for. This was not sufficient in the eyes of the law, Judge Jacob held, to constitute the crime of larceny. He therefore set aside the verdict guilty and committed the prisoner for trial for the obtaining of the second watch, when actual false pretenses were resorted to. Vanclieve will be admitted to bail if he can obtain a bondsman.

**THE LONGEST TERM ALLOWED.**  
At the same time as Vanclieve, William Hill, the colored man convicted of an assault with intent to commit outrage upon Annie Roth, a little child of two years and a half, brought into court. Judge Jacob said the offense alleged in this case was so heinous and unusual, so unprecedented in local criminal annals, that he had listened carefully to the evidence and found a jury had heard the evidence and found him guilty. On a motion for a new trial, the only point raised was that the evidence, while it might establish the intent, did not show that an assault was committed. Judge Jacob refused the motion, and said he thought the assault established. At this point Prosecuting Attorney Jordan rose and said that under all the circumstances he felt it to be his duty to demand that the extreme penalty of the law be given Hill.

Judge Jacob said he thought it should be; the prisoner was either not guilty, or he was deserving of the severest penalty allowed by the law. Had the intent been carried out, the death penalty could have been inflicted, but as the crime was only an attempt, the severest penalty in the law was five years. He therefore sentenced Hill to five years imprisonment in the penitentiary at Moundsville.

As Hill came out of the Court House in custody of the police, Sheriff White and Constable Lanthier, he said five years was nothing; he had served a five year term before.

**"POODLE" PRICE'S FATE.**  
Harry Price was sentenced to larceny and breaking and entering a store house with intent to steal. The jury which convicted him of the former crime refused to convict him of the latter, and he was committed to the same officers, though the record showed it. Had they done so the penalty would have been one year in the penitentiary at Moundsville. As it was, the court gave him ten days in jail on the next charge, and three years at the penitentiary on the house-breaking conviction.

The jury in the case of *Union United vs. the Baltimore & Ohio Railroad Company*, to recover \$20,000 for injuries sustained while working for the company, spent all day yesterday in deliberation on the case, and had failed to reach a verdict when court adjourned last evening.

The case of *Helen J. Embien*, appealed from the police court, was tried by a jury. Mrs. Embien was arrested at the time the house of Mrs. Eddie Reed, south of the creek, was raided by the police, and in police court was fined \$5 and costs for loitering there, though she alleged in her defense that she went into the house to fetch her husband, who was arrested about the same time. The case was argued by a paper for the wife. The case was raised to \$100 on her own motion, to permit an appeal, which was the origin of yesterday's hearing. After hearing the evidence the jury promptly exonerated Mrs. Embien, and placed the costs on the plaintiff.

In the case of *Kline Bros. vs. McLean Bros.* a motion was made by the plaintiffs to set aside the judgment heretofore entered against them, and grant a new trial. This is a suit to recover damages to Kline's business by the condition of a store-room on Twelfth street rented to them by the McLeans and which afterwards fell in, necessitating their removal.

**Industrial Intelligence.**  
The Whitaker sheet iron mill is running steadily with a full force.

**George Patterson**, of Wheeling, has accepted a position in the Ohio glass works, Baltimore.

At the Laughlin mill all of the four and sixpenny coal machines are off on account of bad trade.

The Standard mill is doing a big business. The new building is approaching completion.

The Laughlin mill was off one day this week on account of a scarcity of water. The supply pipe being extended farther into the river.

The Cadiz glass works have been purchased by an Eastern company of practical glass men, who will put the works in order and commence manufacturing in the near future.

During the month of September the *Elva* mill turned out 1,850 tons of iron, the biggest month's work in the history of the mill. This speaks well for the new manager, Mr. Caldwell.

The brilliant mill mill started up yesterday in full force. This will be a relief to the people there, as they have been idle for some time and the work gives employment to a great many people.

**To Be for Oil.**  
A new corporation is being instituted by the citizens of Wheelburg, and will be called the "Oil and Gas Company." Some prominent citizens have the project in charge and already there have been a number of shares taken. The price per share is \$1.00, and the company is to sink some of the old gas wells deeper with the hope of getting a stronger gas supply or perhaps develop the oil. The parties having the matter in charge are determined to see what can be done. As the state of their finances will permit, a good many have already subscribed.

**The Elton Strike.**  
The strike at the Elton glass works has been settled in a manner perfectly satisfactory to both the manufacturers and the men, and work was to be resumed last evening. The details of the settlement were arranged by President Smith of the A. F. G. W. U. In conversation with President Smith, a reporter was informed that a portion of the discharged men would be retained. More than this Mr. Smith said he was not at liberty to state. He gave assurance that the settlement was perfectly honorable and satisfactory to all.

**THE "ROUND TABLE."**  
Conference of the School Superintendents of this Neighborhood.  
There was a very interesting meeting last night at the office of Superintendent of Schools Anderson, in the Public Library building. It was a meeting of the "Round Table," an informal organization formed by the superintendents of the public schools of neighboring cities and towns something over a year ago. The "Round Table" was formed for the purpose of allowing an interchange of ideas and plans in the hope that in this way some aid from the experience of others, and thus be able to make the schools better and more popular. From the very start the meetings were found to be of material benefit, and they have been kept up with enthusiasm. Two or three meetings of the body have been held here in the past. Last night's was the first for this school year, the last having been held in Baltimore in June, when they adjourned to meet at the call of Professor Jones, of that city; and he called last night's meeting for here.

There is no formality about these meetings. There is no presiding officer, and an aid to thought and discussion, putting one's foot on the table, speaking and moving about is allowable. It is a social as well as a business meeting, and as such is doubly enjoyable.

Last night there were present the following named gentlemen: all of them superintendents of the public schools in their respective places: B. T. Jones, Baltimore; H. N. Morris, St. Louis; L. H. Walters, St. Clairsville; Charles Sumner Richardson, Barnesville; Walter Mitchell, Wellsburg; J. T. Williams, Moundsville; H. H. Beck, Burton; James Duncan, Bridgeport; and W. H. Anderson, Wheeling. The absentees were Prof. Shreve, of Martins Ferry, and Prof. Mays, of Benwood.

The subjects discussed at last night's meeting which lasted until after midnight, were, the true definition of corporal punishment as required in the schools; the duties of the superintendent; the duties of the teacher; the duties of the parent; the duties of the community; the duties of the state; the duties of the nation; the duties of the world; the duties of the universe; the duties of the God.

The next meeting will be held in Wellsburg four weeks from last night—November 11th. The subject for that meeting will be "The Duties of the Teacher." The meeting will be held at the residence of Mr. Jones, of Baltimore.

**THE ALLEGED GAME**  
OF BASE BALL HERE YESTERDAY  
The Most One-Sided Affair ever Put up on the Island Grounds—The Pittsburgh Athletics with Reinforcements are a "Pudding" for the O'Griggs.

The Athletics of the East End, Pittsburgh, a base ball club which won quite a reputation this season as ball players, crossed bats with the Wheeling club at the Island Ball Park yesterday afternoon and the home team nearly wiped up the ground with them, the score standing at the end of the seventh inning, when the game was called, 18 to 0. The Pittsburghers did not arrive until 3:30 o'clock, having missed the morning train, consequently no one was in the stands to witness the game. The Athletics, however, were not in the mood to be disappointed, and they were lined out by the visitors, and the way he was lined out by the visitors, and the way he was lined out by the visitors.

Westlake's fumble his only hit. The Athletics scored in the first inning on a home run by Dunn and Leola hit to home on it, but was caught at the plate. Again in the seventh they came near scoring. Gumbert hit safely to left, Leola hit to center, and Dunn hit to right. Blair's out at first. Davis hit to right and Nicholson was thrown out at first.

Wheeling scored in the first inning after two men were out. Nichol was given a hit by Eccles. He went to third on a sacrifice hit by Dunn, and scored on White's hit to Blair, who fumbled the ball. Nicholson crossed the plate on a passed ball. In the second inning R. Westlake knocked out a beautiful three batter and came home on a wide pitch. Dunn scored on a sacrifice hit by Leola. In the third inning G. and O'Griggs followed with a corker over the right field fence, both scoring on Dunn's liner to left. Dunn was forced out by Nichol. The latter scored second and third, and scored on Nicholson's hit to center. In the third inning G. and O'Griggs followed with a corker over the right field fence, both scoring on Dunn's liner to left. Dunn was forced out by Nichol.
